Nope its not a big list, though it doesn't encompass all the meetings we have with the public at every site, including TAG's which both Butte and Anaconda have but no CAG's at the site. I can get more in to the nuance if you want, probably better if I explain verbally. Let me know if you want or need more information. Thanks.

Thanks – I thought you sent me something on it, but honestly, I expected a longer list with more CAG meetings. Thanks again,
